	Quantity Per	EA
	Product Description	Modeled after the Office 2010 suite of products, TagPrint 3.0 is a revolution in design simplicity and ease of use. The advanced feature set is easy to navigate and control, and improves on the existing features of TagPrint Pro 2.0. Powerful new capabilities include network user and network printer compatibility, auto sizing barcodes and import utilities that offer the ability to have multiple templates and databases open at the same time. Even printer settings can be saved with each label design, allowing for the automation of the printing process using macros and scripts.
